

Large Group Volunteers

Large Group Hosts welcome the kids, go through announcements, and lead a game or interactive activity to get them primed for what is to come next.

Worship Leaders enthusiastically engage kids (and adults!) in worship of God through song and prayer.

Storytellers communicate God's story in such a way that it becomes unforgettable to a child.

Tech Volunteers run the sound, slides, and lighting for our elementary large group.

Craft Leaders help our kids to explore their creativity by making something to connect with what they have been learning.

Gym Leaders help our kids to actively engage with what they have been learning.

Relationship-Building Roles

Nursery leaders care for our babies so that they know that church is a safe place where they are loved.

Toddler leaders play with kids and start introducing short stories, songs, and activities.

Preschool leaders play with kids, have a short story time, and then wonder through the story together.

Elementary small group leaders get to connect with a small group of kids to help them feel like they belong. They wonder through the Bible with the kids by engaging their interests and playful exploration.

Lobby Volunteers

Greeters help with check-in and check-out for elementary kids.

Registration volunteers man the registration desk and also watch the self sign-in stations to see if families need help or to replace labels.

Service Directors lead the early childhood volunteer team time before the service and make sure all classrooms have what they need. They help direct families where to go.

K-3 Service Directors help support the elementary programming. They help to greet kids and help them engage with others. They assist small group leaders when kids need to go for a drink or to the washroom. They are available to help communicate with parents if needed. They will also help with check-out.

Other opportunities

Cleaners and organizers come during the week to tidy and organize the supplies from Sunday. A couple of hours would be needed every week and the time can be flexible. This position could be shared with others.

The **Creative team** helps to make our environments irresistible to kids and their families. This is a flexible time commitment as different projects come up at different times. Some things may be able to be done from home.

The **Special Events team** helps to put on exciting events for our kids and families. They will meet together to plan and put together events like Trunk or Treat and Easter Jam. This is a flexible time commitment as different events come up at different times. Some things may be able to be done from home.
